we do not intentionally use or add **any hazardous substances in the SVHC candidate list updated on 16 June 2014**. Since we do not expect these materials to be present, we do not specifically run any analysis on our raw materials or end product with respect to these materials.

We further inform you that our products conform to the laws and regulations of the countries in which we conduct business and are classified and labeled accordingly. The safety data sheets of our products contain additional safety-related information, which should be considered when using our products.

Please do not hesitate to contact us should you have any further questions.

Yours faithfully
BASF East Asia Regional Headquarters Ltd

A handwritten signature in blue ink, appearing to read "Judy Tam".
